

Father's Day Mr. Mustache Duck Tape® Frame

How could Dad not love Mr. Mustache? This adorable little guy is the perfect kid friendly craft for Father's Day.

Time Required : About 30 Minutes

Difficulty Level : Beginner

Project Instructions

- STEP 1** Cut strips of Duck Tape® long enough to cover the front of the wood frame with a little extra on each end to wrap around the edge of the frame. Place on frame, one at a time, until the top and bottom sections of the frame are covered.
- STEP 2** When covering the middle section with the frame cutout, cut a Duck Tape® strip just as before, long enough to go across the entire width, smooth down and then cut strip in the middle and wrap the tape inside the cutout and smooth onto the back.
- STEP 3** With the brown Duck Tape®, cut a 7" strip and fold in half. Trace pattern or freehand half of a mustache.
- [Click Here To Download Your Pattern.](#)
- STEP 4** Repeat this on another piece of Duck Tape®. Attach the mustache pieces to the bottom of the frame by rolling a small piece of Duck Tape® and pressing the pieces on top until secure.
- STEP 5** Add wiggle eyes to the top of the frame by cutting a small piece of Duck Tape® and rounding one side of the tape like an eyelid. Stick the tape to the eye, leaving enough tape to then attach to the frame. Press and smooth the tape so that the eye is secure.
- STEP 6** Cut two small rectangles of brown Duck Tape® and attach above the eyes as eyebrows.
- STEP 7** Share your project photos with #MadeWithMichaels
